[Correspondence of the Richmond Dispatch.] DECEMBER 5, 1887.

A special meeting of the Board of initions of the Virginia Normal and Collegiate Institute was held here to-day. The special object of the meeting, it is understood, is to investigate the charges preferred against the president of the college, Professor John M. Langston, of conduct unbecoming that officer. Dr. Buchanan, State Superintendent of Education, came over on the noon train from Richmond to attend the meeting, and all the members of the board are present. The board, after meeting in the city, decided gation of the charges. At this writing nothing definite is known as to the charges are refer of the evidence introduced before the board. The investigation will be a thorough one, and the probability is that it will not be concluded until a late hour of the night or to-morrow morning.
